PROFESSIONAL SUMMARY

- Ph.D. economist with 5+ years of consulting experience influencing \$3+ billion in investment decisions.
- International trade specialist skilled in causal inference, structural modeling, and regulatory analysis.
- Combines academic rigor with practical consulting expertise in antitrust, regulatory policy, and market analysis.
- Skilled at translating complex quantitative analysis into actionable recommendations for executives and policymakers.
- Experienced presenter refined through 10+ years teaching complex economic concepts and quantitative methods.

SELECTED EXPERIENCE

Postdoctoral Scholar, University of Southern California, Los Angeles, CA August 2025-present

- Conducted independent research on the impact of international trade policy on firm pricing strategies.
- Taught undergraduate economics, developing curriculum and delivering lectures to 100+ students per semester.
- Applied advanced econometric methods to examine complex economic relationships in global markets.

Teaching Scholar and Doctoral Researcher, University of Notre Dame, Notre Dame, IN August 2019-August 2025

- Applied causal inference to analyze the effects of international trade in profit margins for a panel of 900+ firms across 240+ sectors spanning 15+ years, integrating balance sheets, inflation, pricing, tariff, and Input-Output data.
- Designed and produced technical summaries of funded projects for the BIG Lab research center.
- Developed three general equilibrium models incorporating trade, competition, sunk costs, and risk mechanisms, analyzing their aggregate welfare implications through calibrated parameters and counterfactual analysis.
- Delivered 100+ lectures on causal inference, econometrics, and economics to graduate and undergraduate students.

Senior Economic Consultant, CPA Ferrere, Montevideo, Uruguay May 2016-July 2019

- Recommended regulatory overhaul of Port Authority while consulting for the country's largest terminal operator, resulting in \$455 million in terminal expansion investments and a 60-year leasing contract.
- Quantified economic impacts of large-scale paper mill operations for the forestry trade association, informing \$2.7 billion in pulp and paper infrastructure investment—the largest in Uruguay's history.
- Developed regulatory arguments for a ride-hailing company in discussions with government authorities, resulting in favorable legal framework enabling nationwide operations.
- Analyzed national fuel market regulation on behalf of the national fuel retailer's association, examining the effects of breaking the state monopoly on imports and presenting policy recommendations to policymakers.
- Evaluated impact of \$20 million import subsidy on behalf of a coalition of automotive importers, presenting findings to the Ministry of Economy that resulted in maintaining the subsidy.
- Produced expert opinions in antitrust cases covering electronic finance and port operations on behalf of clients.

Economic Consultant, National Directorate of Aquatic Resources, Montevideo, Uruguay April 2013-March 2015

- Revitalized policy design in a \$120 million/year business, analyzing 20+ years of fishing industry data.
- Led economics team, reporting to the national director. Evaluated shipbuilder quotes for vessel renovation.
- Advised in cabinet meetings for stakeholders, designing national public-private strategy for the industry.

EDUCATION

Ph.D. in Economics, University of Notre Dame, Notre Dame, IN - GPA 3.83 August 2024

M.A. in Economics, University of Notre Dame, Notre Dame, IN August 2020

B.A. in Economics, Universidad de la República, Montevideo, Uruguay March 2013
